**40% lighter
than standard
rubber hoses**

**Ultra light,
super strong
construction**

**Oil, abrasion &
kink resistant**

Ultra Lightweight Rubber Hose Air

Hose, Hose Reels & Fittings

Features

- Lightweight construction - 40% lighter than standard rubber hose
- Made from strong rubber material that lays flat, doesn't kink, and stays clean
- Made from braided polyester which gives it 300 PSI working pressure in temperatures ranging from -50°F to 190°F
- Max burst pressure of 1,200 PSI compared to 900 PSI of most hybrid hoses
- Equipped with brass end fittings and bend restrictors for long life and enhanced ergonomics
- 10 YEAR WARRANTY - due to excellent abrasion and ozone resistance... this hose will last!

Benefits

- Easier to carry, lift and maneuver in the field
- Resists abrasion and strain
- Provides protection from extreme weather
- Easy to roll up and maintain
- Easy to install
- Work environment flexibility

10 YEAR
Limited
Warranty

Bulk Air Hose

Part #	Hose ID (in)	Length (feet)
ULR12100BK	1/2"	100'
ULR12300BK	1/2"	300'

40% MORE LIGHTWEIGHT THAN TRADITIONAL RUBBER HOSES

This lightweight pneumatic hose redefines the meaning of flexibility as it truly maintains its functionality even in extreme weather conditions ranging from -50°F to 190°F. It also makes it easier to carry, lift, and maneuver in the field

MANUFACTURED WITH PREMIUM RUBBER MATERIAL

Our ULR hose is constructed with high-strength polyester braided reinforcement and strong rubber outer core to help protect against abrasion and kinking while on the job site or within the comfort of your own workshop

BURST PRESSURE SAFETY FACTOR 4:1

For optimal performance, ULR hose has Maximum Operating Pressure of 300 PSI and Maximum Burst Pressure 1,200 PSI
