MILTON 500 SERIES INFLATOR GAGE WITH 15' HOSE

Newer Steel Belted Sidewall tires on trucks present a potential danger during inflation. Milton's NEW 501 inflator keeps the technician 15' out of harms way.

- Milton Part Number = 98-A1-501
- 10 - 160 PSI
- 15 Foot Hose
- Built-in Deflator to relieve excess pressure
- Dual Foot Locking Chuck
- Heavy Duty Construction
- Magnifying Lens
- Unit Pack Quantity - 1
- Weight 4 lbs.

WITH BUILT IN DEFLATOR BUTTON

Heavy duty construction provides long service life even with constant use. *Gage cartridge and valve cartridge replaceable.* All window inflator gages equipped with magnifying lens for full view of scale.

 All tires equipped with 'Steel Carcass Plies' utilize steel cords in the sidewalls. As such, they cannot be treated like normal truck tires. Tire service, including adjusting tire pressure must be performed by personnel trained, supervised and equipped according to OSHA regulations. OSHA requires that during any procedure involving tire inflation, the technician or individual must utilize a 'remote' inflation device, and insure that all persons are clear of the trajectory area.
