

Hammer Union Tip

Old Way

New Way

- Cause **damage** to wing tab and pipe/iron.
- **Inaccurate hammer swings** cause damage to personnel and equipment.

- Slide Sledge® **Hammer Union Tip** impacts all wing tabs in the same spot with 100% flat surface contact.
- Slide Sledge has **direct contact** with the wing tab reducing damage caused by glancing blows off the wing.
- Direct Contact **eliminates damage** to flange of pipe.
