Breather Vents Line Expansion

Pneumatic Accessories

Product Overview

- Sintered bronze construction
- 40 micron rating
- Nickel-plated steel body
- Versatile applications
- National pipe thread fitting end
- 150 PSI maximum operating pressure
- 35°F to 300°F operating temperature

Features

- High strength
- Diffuse air and muffle noise from exhaust ports of air
- Non-corrosive
- Offers vacuum relief or pressure equalization on gear boxes, oil tanks or reservoirs
- Easy to install
- Provides greater power
- Work environment flexibility

Breather Vents Line Expansion
