

TECHNICAL BULLETIN SAVE TIME. MAKE MORE MONEY.

Product Information

Award-winning Air Complete™ is simply the most technologically advanced smoke machine. Air Complete™ comes with its own onboard micro air compressor, eliminating the need for air lines or gas tanks. Whether a repair job is across the service bay or across town, Air Complete™ lets you go where the work is!

Part Number: 95-0051

AIR COMPLETE™ Features:

Onboard Micro Air Compressor

By eliminating the need for shop air or an inert gas tank, technicians can quickly diagnose, locate, and repair leaks whether the repair job is across the service bay or across town.

Variable Flow Control

While Air Complete™ can detect leaks as tiny as 0.010" in any sealed system, Air Complete™ helps you pinpoint leaks fast by manipulating the smoke output.

Pressure Decay Testing

Air Complete™ improves the accuracy of repairs and eliminates comebacks by verifying that leaks are repaired accurately the first time.

Compact, Lightweight Design

At 11 lbs., Air Complete™ is ultra-portable and lets technicians go where the work is. Air Complete™ is perfect for mobile repairs, testing vehicles in the field, and fleet repairs.

Find ALL Types of Leaks:

Vacuum, EVAP (Fuel Vapor Recovery) Exhaust, Oil, Turbos and Intercoolers, Manifolds, Brake Boosters, EGR Valves, Seals, Gaskets, Brake Vacuum Hoses, Cooling Systems, Wind and Water Leaks, Diaphragms, Central Locking Systems and much more.
